Hello Everyone,

It will be an honour for me to provide input into decision making processes on behalf of our Iwi, Hapu, Whanau Maori, and not just consultation. In the Health Sector, what works for Maori, works for everyone. I believe that can be applied all over. To help whanau within the Ōtorohanga District is something I would love to be able to assist with. I am here to provide an avenue and a voice for our Maori people to be heard in the things that they need.

So a vote for me, is a vote that can be heard.
